

Ruffles Lodge is a unique and private five star retreat offering what is probably one the most romantic boutique wedding venues. Built on 50 acres, with 3 acres of garden and parklands, the bush and forest of the Gold Coast Hinterland as neighbors, a more intimate venue you will not find. There are several places in the three acres to have your ceremony including beside the infinity pool, or in either of the garden or pool gazebos. The tranquility and peace the beautiful garden instills is enhanced by the birds and animals that native plants and shrubs encourage, also by the inclusion of several water features.

The intimate dining room, catering for up to 60 guests, with its timbered ceilings and aged timber floors, takes advantage of the breathtakingly beautiful views of forest and coast below. All this is matched with a delicious wedding menu tailored for you by one of the fully trained chefs.

From decorations and flowers to floor plans and menu ideas, Ruffles staff provide dedicated service and assistance every step of the way. On the day expect nothing less than uncompromising standards of service, attention to detail and the anticipation of the needs and wants of every guest. A further unique option available is the hiring of a helicopter for the arrival of the Bride.

Sole use of the Lodge also includes accommodation for 20 of your guests on the night of your wedding in the Five Star Luxury suite and villas and includes a comprehensive breakfast menu the next morning. Alternatively, you can share this memorable event with family and friends over the week-end.

Special packages are available for Weddings of less than 12 people and where sole use is not a requirement.
